

Akron Phi Kappa Tau Golf Outing Raises Over \$12,000 For Flying Horse Farms

FHF founders David and Jenni Belford matched fundraising total, bringing net result over \$24,000!

The 4th Annual Hole In The Wall Classic Charity Golf Scramble held on Saturday, August 30th was an overwhelming success. On a beautiful, sunny day 145 golfers and more than 20 volunteers came together at Sable Creek Golf Course, in Hartville, Ohio to raise funds for Flying Horse Farms, the newest, future Hole In the Wall Camp (HITWC) located in Mt. Gilead, Ohio.

Outing participants had a great day of sun and fun, which included lunch, golf and a steak dinner afterwards. In addition, each golfer received a "goodie bag" full of snacks, golf items, valuable gift certificates and discount coupons all donated by our sponsors. The day ended with a Silent Auction, where golfers enjoyed bidding on items donated by many local retailers and golf courses.

Thanks to the generous contributions from more than 70 sponsors and the outing participants, the day's events generated upward of \$12,000 for Flying Horse Farms, more than doubling last year's total. And to top it all off, the founders of Flying Horse Farms camp, David and Jenni Belford, matched 100% of the dollars raised to bring the total over \$24,000!

The Alumni of the Alpha Phi Chapter of Phi Kappa Tau, from the University of Akron, who organized and hosted the event, were both proud and humbled by the generosity the sponsors and participants. Spanky Raymond, the tournament chairman said "We are thrilled with this year's results and the

growth of this event in such a short time. We have been passionately involved with the international HITWC for years. Now with the formation of the new Ohio camp, we have focused our attention towards raising funds and bringing awareness to Flying Horse Farms and making this camp in our back yard, a reality. We praise and appreciate all of the sponsors, participants, donors, volunteers, and alumni that helped make this the largest charity golf outing ever hosted and organized by the Akron Phi Kappa Tau Alumni."

As the Midwest's first HITWC, Flying Horse Farms will open to serve children with serious illness throughout Ohio and surrounding states in the spring of 2010. Destiny Bailey, 13, from Stow, Ohio had heart surgery at age 8. She has attended HITWC for the last two years. When asked what was the best thing about the camp, she replied... "The camp gave me more confidence."

Spanky Raymond, the tournament chairman, holds up a goodie bag jammed packed with over \$65 worth of merchandise (including an Irwin tool bag, Golf Galaxy discount coupons, Bravo gift certificates, marinade from Newman's Own, Hickory Harvest snacks, golf items, and more) that every golfer received as they registered for the outing.

Hole in the Wall Camps and PHI KAPPA TAU

Paul Newman, a fellow Phi Kappa Tau brother, founded The Hole in the Wall Camps (HITWC) in 1988. He realized that luck can sometimes play a dirty hand to those least deserving... and there are many who can make a major difference to those facing great challenges. The Hole in the Wall Camps were developed to provide children, ages 7 to 17, who battle serious and life threatening illnesses with the opportunity to have a normal summer camp experience. Thousands of children come to camp every year, free of charge, for one week. They forget about their illnesses and simply get a chance to be a kid. In the words of Brother Newman: "Camp is a place where kids can kick back and raise a little hell." The Phi Kappa Tau Fraternity adopted The Hole in the Wall Camps as their national charity in 1995. Since that time several hundred thousand dollars has been donated to the camps and hundreds of men have volunteered as cabin counselors, activity specialists, unit leaders, and other camp staff.
